

I am Varsha Pravin Jawarkar, and I am honored to be a part of your child's early learning journey as a kindergarten/ Primary teacher with 15 years of teaching experience.

I have completed my B.com/ EccEd Training from Little Angel Institute. Teaching young children has always been my passion. As I believe the early years play a vital role in shaping a child's future.

I strongly believe that each child learns in their own unique way i.e. practically and in free play activities Therefore, I strive to provide opportunities that help children develop confidence, independence, critical thinking skills, and a lifelong love for learning.

"My goal as an educator is to provide a safe, inclusive, and nurturing learning environment where children can grow into confident and responsible individuals. I believe in encouraging creativity, curiosity, and self-expression while promoting values such as kindness, respect, cooperation, and a perseverance. Through engaging learning experiences and positive guidance, I strive to support every child in reaching their full potential and becoming enthusiastic learners."

I value strong partnerships between teachers and parents and believe that open communication plays an important role in a child's success. Working together, we can create meaningful learning experiences that support every child's development.

Outside the classroom, I enjoy reading, listening to music, traveling, cooking, and spending quality time with family and friends. My friendly, patient, and caring nature helps me build positive relationships with children and create a welcoming atmosphere where they feel comfortable and happy.

I also achieved the best teacher award in the Primary section for overall performance.

I am excited to begin this wonderful learning adventure with your children.
